

Engineering **Decisions** with Best Data & Expertise.

Mayor Jacob Concepts Ltd

Mayor Jacob Concepts Ltd

Introduction

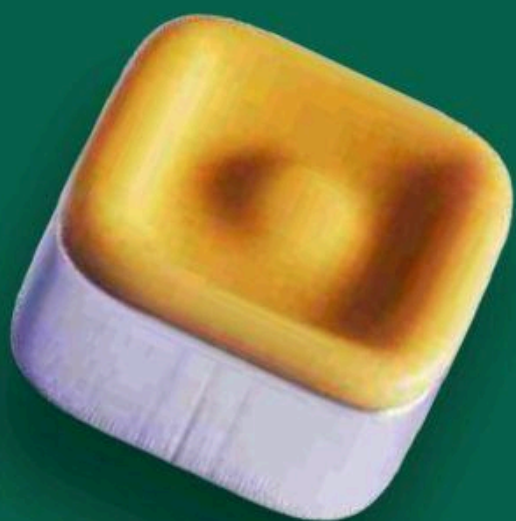

Mayor Jacob Concepts Limited is an evidence-based and laser-focused integrated consulting, engineering, procurement and construction services (EPC) company, providing reputation-driven range of services to entities across the oil and gas, energy, mining, Aviation, gas and power, Research, Reputation and data analytics, public sector, infrastructure and trade value chain in Nigeria and Sub-Saharan African. We also provide value-added, specialized and extended wide range of hands-on services in the upstream, midstream and downstream operations, post-construction appraisal and maintenance as well as project design and management.

In addition, our team of experts comprising, geologists, engineers, technologists, technicians, and seasoned industry professionals with strong grasp of the sectors dynamics, ensuring that both service standards and operational/products quality conform with the highest industry benchmarks, are always available to provide appropriate support services that clients may need. MJC is committed to sustainable development and has initiated programs to promote community and social responsibility as well as improve industry capabilities and efficiency.

We started off as an integrated reputation, research and project management firm in 2008 as a Limited liability company. Over time, MJC transitioned into a fully integrated consulting, engineering, procurement and construction services company offering a range of services to entities across the oil and gas, energy, mining, Aviation, gas and power, Research, Reputation & data analytics, public sector, infrastructure and trade value chain in Nigeria and Sub-Saharan African. Indeed, we provide the following services, processes including major oil and gas equipment/tools procurements, construction services, installation/upgrade of on-offshore production facilities and platforms, process facilities, training, manpower supply, project appraisals, workplace issues training, crisis communication/media management as they affect various projects during emergencies, amongst others.

Through customized and laser-focused consulting solutions, MJC provides scientific and evidence-based solutions to needs of entities in the afore- mentioned sectors.

Major Jacobs Concept Ltd is dedicated to delivering excellent quality consulting, engineering, procurement and construction services (EPC) of international standards to its customers.

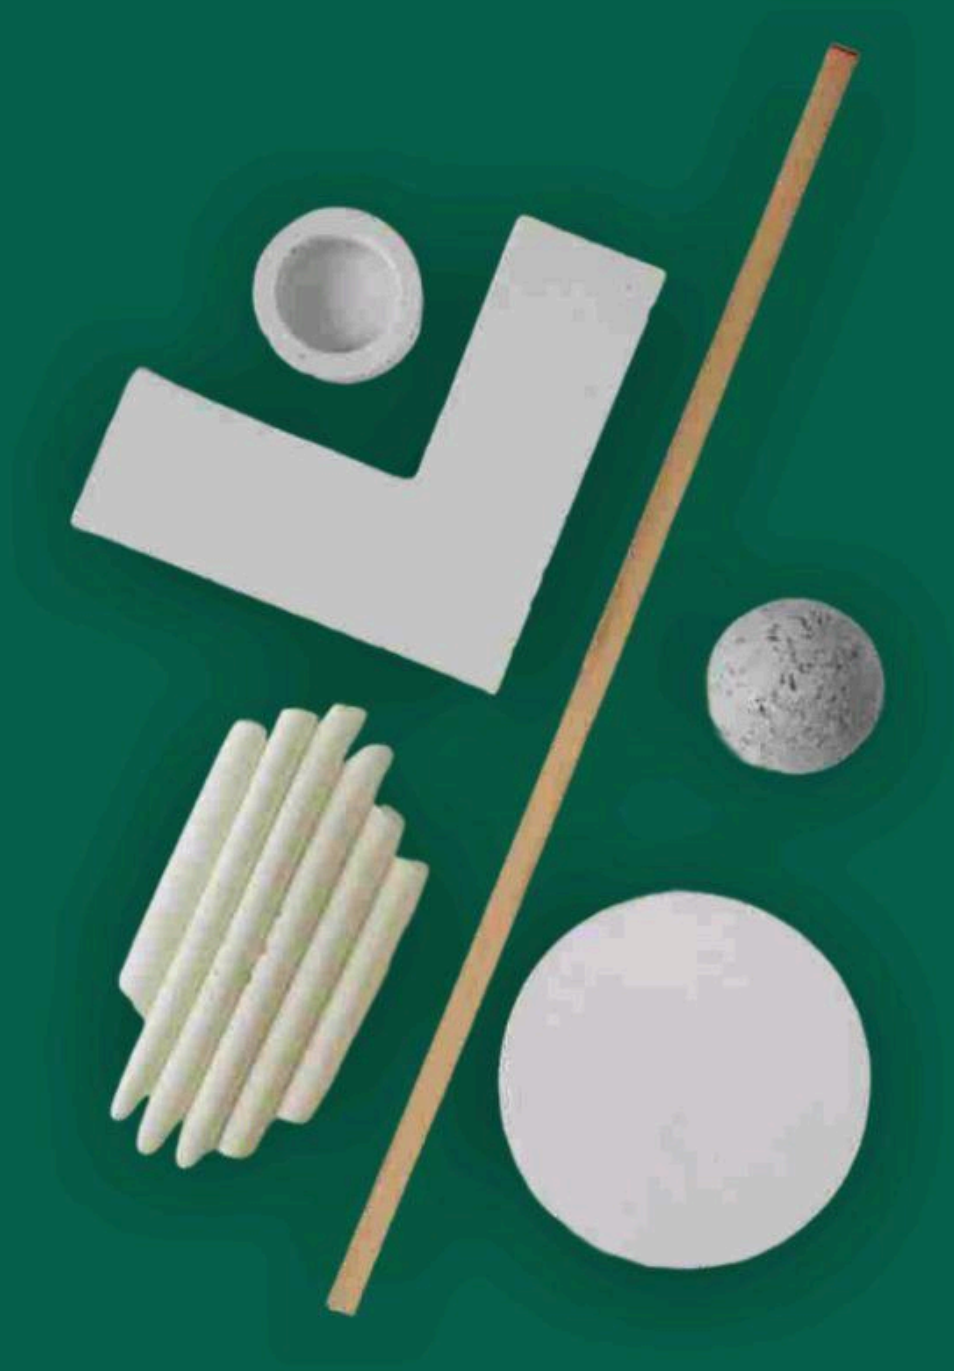

Our Vision

Our vision is to be the premier EPC and consulting company in Nigeria, South of the Sahara, that provides tailored solutions to clients' needs/goals and deliverables that conform with global standards and consistently win BIG for our clients.

Our Mission

Our mission is to leverage our thorough mastery of the Nigerian private/public sector landscape to offer well-informed comprehensive EPC and advisory services to our clients while providing evidence-based strategies/recommendations to seamlessly utilize the massive opportunities that abound in Nigeria for optimal ROI, employing the best results-based and ethical business protocols in Nigeria, Sub-Saharan Africa and globally.

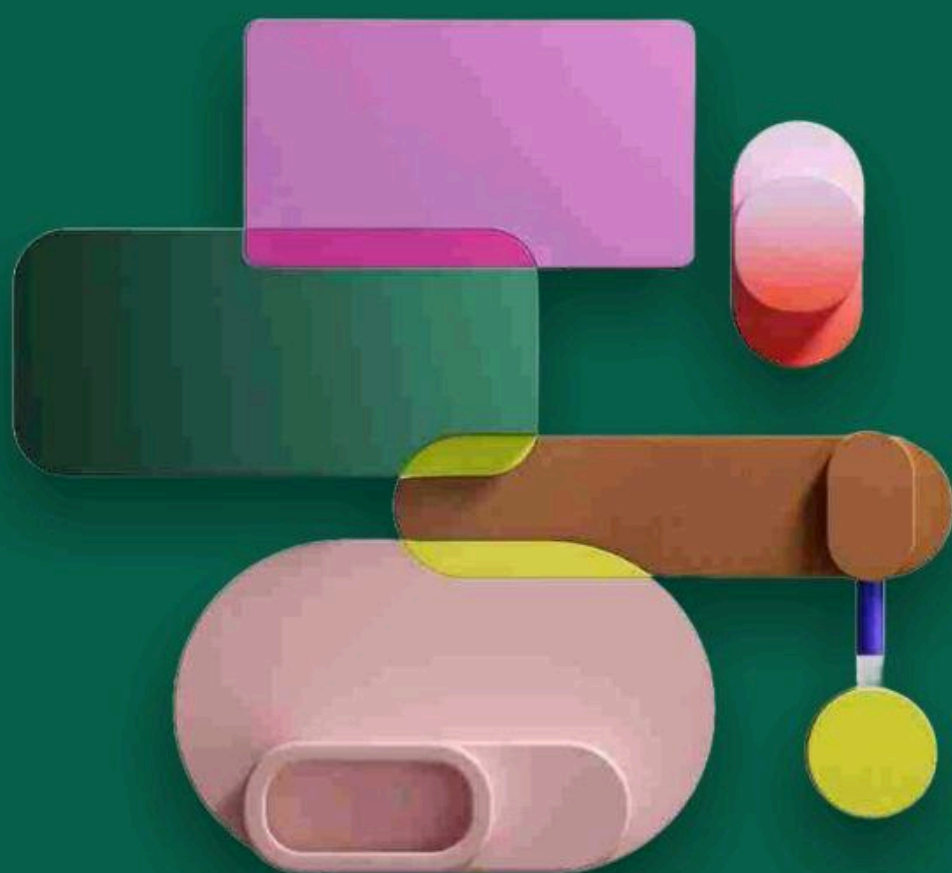

Our Core Values and Goals

Dedicated to fostering transparency and collaboration, we are always eager to engage in a detailed discussion regarding the specific parameters of the timeline and budget, customizing them to seamlessly align with our clients' unique requirements.

Our clients' satisfaction and confidence in the process are of utmost importance to us, and we customarily anticipate an opportunity to delve further into any aspects of the timeline and budget/costings that may require clarification or customization for our clients and potential clients.

Our overarching objective is to assist the client, in the best possible and ethical way, in securing and gaining control of its premier ranking and success. We professionally accomplish this by delivering strategic, cost-effective, and up-to-date services that consistently yield optimal results, while adhering to the highest ethical standards. We help optimize our clients' goals and ROIs by delivering strategic, cost-effective and ultramodern services while also ensuring that the services are in compliance with the utmost ethical standards globally.

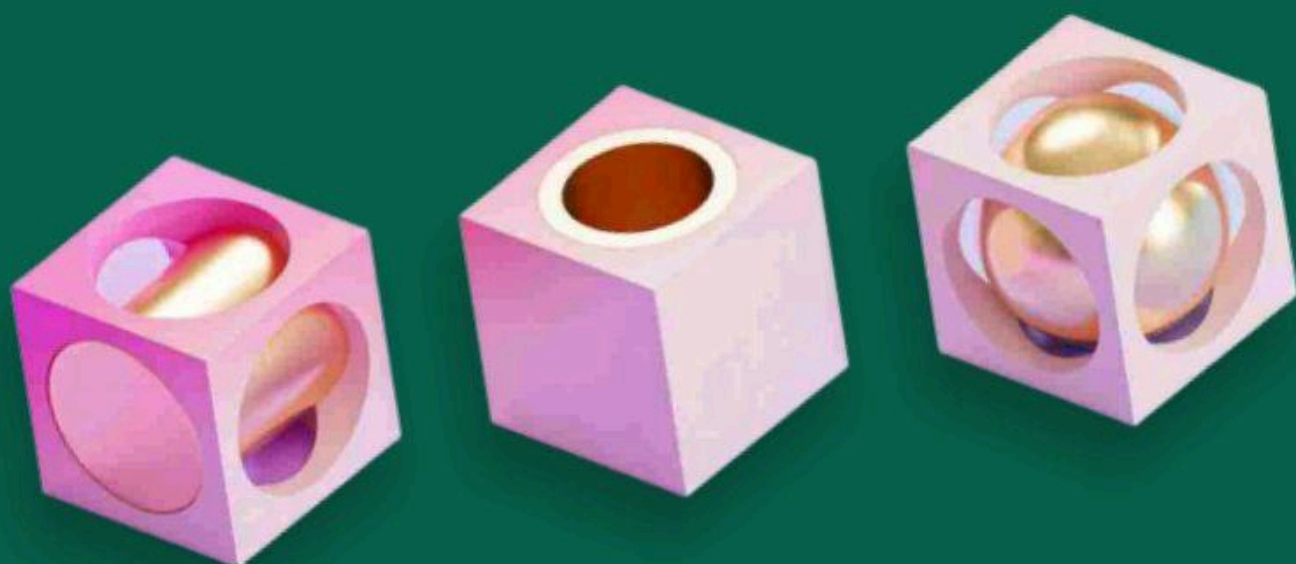

Who Are We

We started off as an integrated reputation, research and project management firm in 2008 as a Limited liability company. Over time, MJC transitioned into a fully integrated consulting, engineering, procurement and construction services (EPC) company offering a range of services in the oil, gas, and energy sector, mining, Aviation, gas and power, Research, Reputation and data analytics, public sector, infrastructure and trade value chain in Nigeria and Sub-Saharan African. Indeed, we provide the following services, processes including major oil and gas equipment/ tools procurements, construction services, installation/upgrade of on-offshore production facilities and platforms, process facilities, training, work place issues training, manpower supply, project appraisals, crisis communication/media management as they affect various projects during emergencies, amongst others.

Mayor Jacob is a distinguished Engineering, procurement and construction (EPC), and consulting firm that also specializes in reputation, process/procedures, empirical research, polling/Survey, business evaluation, emergency/crisis management and operational/risks advisory services for a diverse clientele.

At Mayor Jacobs Concepts, we also equip you with the best evidence-based industry research, data, polling, survey, reputation evaluation/process analysis, scientific discoveries, business/policy specifics and information analytics that help you make the most informed decisions in/about Nigeria, Africa's largest economy and most populous nation!

What **We Also Do**

1. **WE UNLOCK INSIGHTS FOR INFORMED DECISIONS**

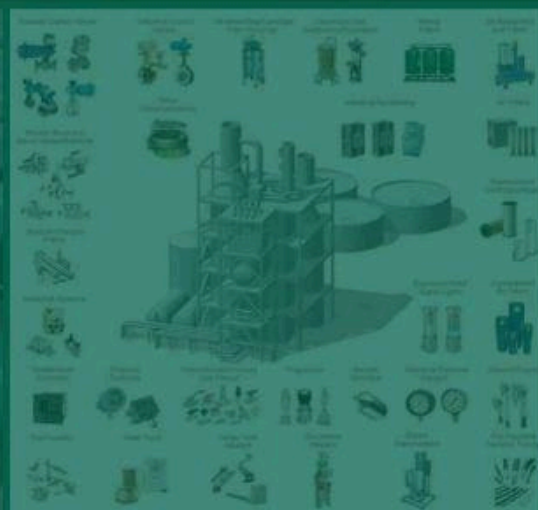

As a trusted advisor and partner, Mayor Jacob Concepts is dedicated to assisting clients in navigating complex engineering, procurement and construction services challenges as well as helping them make well-informed decisions. We provide industry-leading reviews, research, data analytics, and consulting services to help you make informed decision.

2. **WE HELP YOU FIND OPPORTUNITIES WITH DATA DRIVEN INSIGHTS.**

We give evidence-based industry research, site reviews, project appraisals, data analytics, and strategic insights that empower you to make informed decision.

3. **WE ARE THE TRUSTED ADVISORS THAT HELP YOU NAVIGATE COMPLEX CHALLENGES.**

Our distinctive approach is centered on delivering personalized and tailored solutions to each client, meticulously considering their unique needs, requirements, and goals. As a trusted advisor and partner, Mayor Jacob is dedicated to assisting clients in navigating complex policy, and business challenges as well as helping them make well-informed decisions.

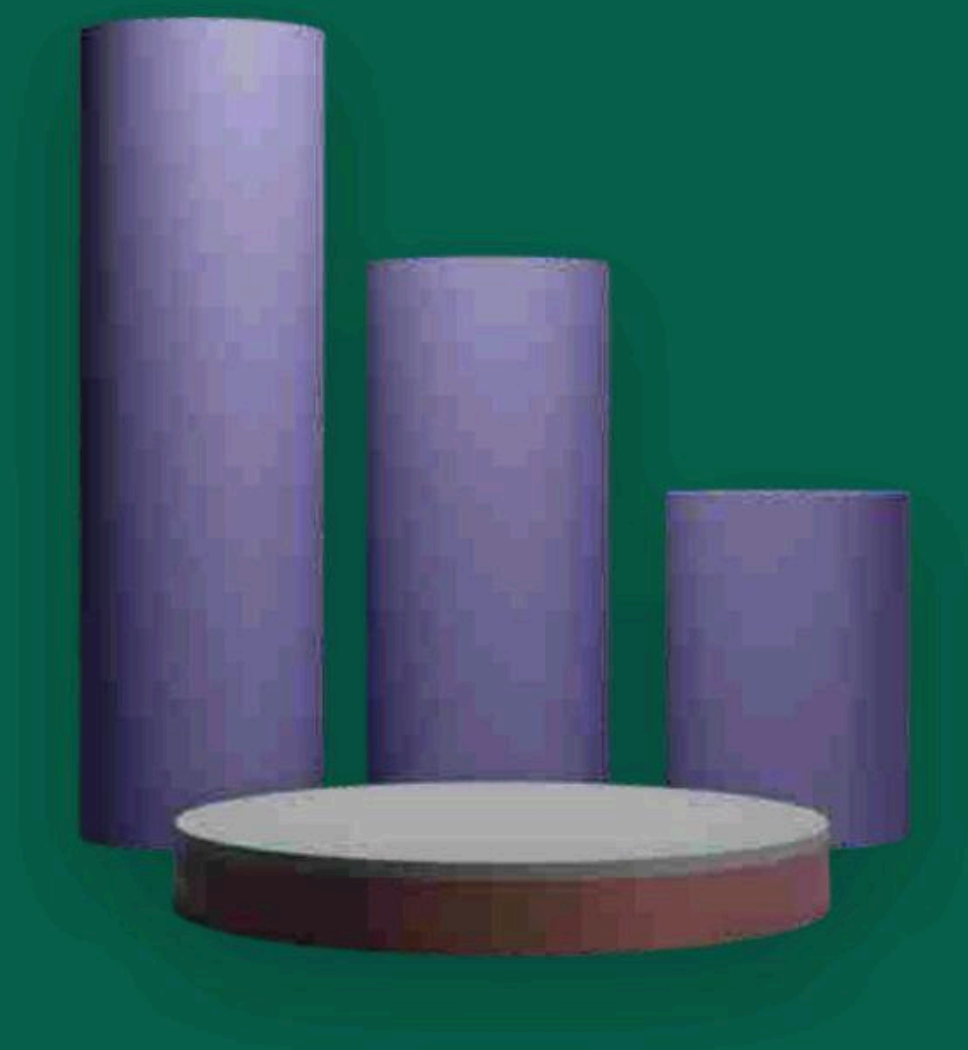

Our Approach

ENGINEERING REVIEW, DATA ANALYTICS & REPUTATION AUDIT

A comprehensive review and scoping, site reviews, project appraisals, reputation audit and analytics are essential for any organization to navigate and excel in today's competitive business landscape.

Major Jacob Concepts Ltd thereafter proceeds to deliver excellent quality engineering, procurement and construction services (EPC) of international standards to its customers.

Undertaking an engineering, procurement and construction (EPC), engineering review, a reputation audit and data analytics with our experienced team will not only safeguard your organization against potential risks but also uncover opportunities for growth and increased stakeholder trust.

Market Insights

Our thorough methodology, laser-focused and tailored approach will deliver valuable market/industry insights unique to your Company or organization, allowing the organization to make informed decisions that positively impact its reputation.

As a major EPC services company, our overarching goal is to assist the client, in the best possible and ethical way, in securing and gaining control of its premier ranking and success.

Review, Research and Polls

We professionally help optimize your organization's goals and ROIs by delivering strategic, cost-effective, and up-to-date evidence-based research services that consistently yield optimal results, while adhering to the highest ethical standards.

As your Organization considers the potential benefits of an operational reputation evaluation, Polls/Survey, we invite you to reach out with any questions or to discuss this mutually rewarding path further as our research/polls are predicated on empirical or scientific evidence.

Our Impressive Portfolio

Our team is committed to partnering with you or your firm on this journey to ensure your organization, and company's EPC operations/reputation remain a powerful asset in today's dynamic and increasingly global market.

Indeed, we look forward to the opportunity to contribute to the continued success and resilience of your brand.

Our partnership and services in various jurisdictions speak for us.
